

# get on together watch the savings grow!

At **trent barton** we know it's really important to keep the cost of travelling to and from work at a manageable level. That's why we've created our **get on together** range of money-saving ticket options to make savings on bus travel.

Our bus network allows a vast number of journey possibilities. Most routes start early in the morning and run well into the evening, so it's easy if you work unsocial hours, need to work late or just want to stay in town after work.

**10% off**  
your first 12 month pass  
when you join within the first 3 months  
of employment

zones	12 months	with discount
